

CONTINUED TWO WEEKS.

Counsel For the Messrs. Kohler and Work Made the Request.

Samuel A. Kennedy Able to Appear In Court.

A Large Crowd Had Gathered to Listen to the Case.

Mayor Doyle Declined to Receive Indignation Resolutions.

The horse whipping cases were continued two weeks by Mayor Doyle Tuesday morning because of the absence of S. H. (Bert) Kohler, who was called to Chautauqua Monday by a telegram announcing his wife's illness.

There was a crowd in and about the Mayor's court room, but not the least disorder. Among the first of those interested to reach the City building was Geo. C. Kohler, Esq. Afterward came Attorney S. G. Rogers and A. J. Rowley, who appeared for the defense, and Judge J. A. Kohler, who was an interested spectator.

The case had been called several minutes before Samuel A. Kennedy and Dr. C. T. Hill, his physician, arrived. Mr. Kennedy walked very slowly and with evident pain. Prison-keeper Washer placed a chair for him and some one had brought a cushion, which was placed at his back. He was pale, but except for a black eye, showed no other marks of his injury. He would feel quite well, he said, were it not for his back. Judge Kohler coldly bowed to Mr. Kennedy as the latter passed him on his way to his seat.

There was a little wait after the case was first called until ex-Mayor W. E. Young, counsel for Mr. Kennedy, arrived. And then the court called again:

"State of Ohio vs. B. G. Work."

Mr. Rowley then made the motion for a continuance until Tuesday, July 16. He said that Mrs. Bert Kohler had broken down under the strain of the past few weeks, caused by the circulation of cruelly false rumors, and that her husband had been obliged to join her at Chautauqua.

Mayor Doyle Declined To Receive Citizens' Committee.

"I shall not be threatened, intimidated or cajoled," said Mayor W. B. Doyle with much vigor, as he faced the committee appointed by North Hill people to present to him the resolutions adopted at the indignation meeting on the hill. Thereupon he declined to receive the resolutions.

ing Tuesday morning. He arrived at 8:05 o'clock and found the committee in his private office. Briefly the callers stated the object of their visit.

Mayor Doyle did not sit down. He wished to terminate the interview quickly and he did so. He said that ordinarily, North Hill people were law-abiding, but that when they assembled in anger and attempted to take out of the hands of the judiciary

Thus far no prostrations from heat have been reported. Physicians say it is remarkable, but attributes this to the fact that there have been breezes a great part of the time.

NO MORE

Indignation Meet- ings to be Held.

Mr. Kennedy's Friends Advise This.

Request That Plans For One be Abandoned.

Want Nothing Done Which Would Cause Trouble.

The continuance of the horsewhipping cases and a report that Mayor W. B. Doyle had used very intemperate language in refusing to receive the resolutions adopted at the indignation meeting on North Hill, when the committee from the North End called on him Tuesday, have helped to cause talk of a general mass meeting down town to discuss the horsewhipping case.

The result is that the executive committee of the original North Hill meeting has issued the following statement:

To the Citizens of Akron:

It having come to our knowledge that a meeting is to be held in the near future, for the purpose of further discussing the assault upon Mr. Samuel A. Kennedy, we wish to request and urge upon the people not to hold such meeting, as we can say to our citizens that Mr. Kennedy, his family, and attorney, join in this request.

Let nothing be done at this time that would place any of Mr. Kennedy's friends and sympathizers in the same position as those who committed the assault.

Very respectfully,
I. S. MYERS,
DR. L. B. HUMPHREY,
ED H. BISHOP,
H. A. KRAFT.

AKRON

Will Have Many Guests

On the Labor Day Holiday.

C. L. U. Is Receiving Answers

From Neighboring Cities—Of- ficers Have Been Nominated.

At the meeting of the Central Labor Union Monday evening, delegates from many of the affiliated unions reported that committees have been appointed to confer with the C. L. U. General committee and Grand Marshal W. B. Taneyhill, in making preparation for the great parade to be held Labor Day.

The committee reported that from present indications the parade to be held on Labor Day will be a mammoth affair. Within the past year over a dozen new unions have been organized and will be in line, in addition to those in line a year ago. Barborton and Cuyahoga Falls will send large delegations, while it is expected that a thousand or more union men from Canton, and other cities will accept the invitations sent out and be in Akron and comprise a division in the parade. The Eighth Regiment band was engaged by the committee this week.

A vote of thanks was extended by the Central to Col. Jos. Winum and the Knights of St. John lodge for the recognition of organized labor by that society's adopting a resolution to have

its official printing bear the union label.

Nomination of officers was also made at the meeting last evening. Upon motion it was decided to hold open the nominations until the election of officers, which will occur at the meeting two weeks hence.

HOT EVERYWHERE.

Many Deaths and Prostrations Reported From Large Cities—No Relief Promised.

The weather: Showers and thunderstorms tonight.

Washington, July 2.—(Spl.)—From all over the country come reports of deaths and prostrations on account of the heat. There has been no abatement of the heat in the East today, and the Weather Bureau says there is no relief promised for tomorrow in the Lake regions, except temporarily caused by breezes. The hottest place in the country yesterday was Phoenix, Ariz., the temperature being 104 in the shade, and the coolest place, Kallispel, Mont., 38 degrees.

New York, July 2.—(Spl.)—The thermometer of the mercury is still on here with no prospects for relief. During the night 23 persons succumbed to the blinding heat, and a hundred cases of prostrations have been reported. The Weather Man said this morning that New York may expect no relief for at least 48 hours. In the poorer districts everybody who could sleep in the open air did so. Mattresses were carried to roofs, fire escapes and hallways. It is estimated that 15,000 people slept on the beach at Coney Island, and 8,000 at Rockaway Beach last night. The hospitals are crowded with victims of the heat.

ITS JOB.

Showed Some Tricks to Telephone Companies

That Have Been Bidding For a Franchise.

One Company Even Offered a Bonus of \$5,000.

Springfield, July 2.—(Spl.)—An auction sale of telephone franchises was held in the City Council chamber last evening by the Board of Public Affairs. Three companies, the Springfield Citizens, Springfield Independent and Springfield Home Telephone companies have been conducting a lively fight for a franchise in this city.

The Board announced a week ago that it would grant the franchise to the company offering the largest cash bonus and presenting the best ordinance. The Home company bid \$2,500, besides agreeing to erect an independent system for the fire department.

The Independent company offered a \$5,000 bonus, providing no other competition was allowed, or a \$500 fee a year for the first 1,000 telephones in use and \$1 each year for all over the number. The Citizens company declined to bid, but filed a petition in Probate Court, demanding that the Board be compelled to grant it the franchise. The bid of the Home company was accepted and the system must be in operation within one year from date. The interested parties are Cleveland capitalists.
